CONSTRUCTION

FLORIDA ATLANTIC UNIVERSITY Honors Residence Hall - Phase II

Jupiter, Florida

This project consisted of new construction for a 45,105 SF, 3-story dormitory designed to accommodate 500 students.

The FAU Honors College Student Residences is a privatized, Design/Build/Finance project. It was designed by PGAL using the SUS Professional Services Guide and Cost Containment Guidelines. The 4-building, 500-bed phased project is sited on 12-acres and includes a commons dining building, recreational amenities, a central utility plant and parking for 400 cars.
