

The administrative office / student support services complex consists of a 98,840 SF, 2-story tilt-up concrete and glass administrative complex. Various administrative departments including: financial, academic and student support services formerly housed at various campus locations are all housed in this facility providing a "one stop" experience for the public.

The majority of departments have their service counters and entry points directly on the lobby; including the main help desk, placed in a central and controlling position within the lobby to provide instant information and assistance.

- Walk up bank-type service payment facility including full security features with a built in vault.
- Sweeping compound radius of 140 feet at building's core enhances customer flow
- Floor to ceiling butt glazing, stainless steel rails and columns
- Storefront windows for financial, academic, and student services offices
- Patterned terrazzo flooring at ground level
- Clerestory windows and pendant lighting
- Mall concept provides one stop shopping for the client
